

# AROUND THE WORLD NEWSLETTER

## Hey there!

Welcome to Around the world's first newsletter! I hope you are excited to explore this further with me!

## Who's behind the blog?

I am a 25 year old girl who loves to see new cultures and explore the unknown. I've always been fascinated by travel, and are now thrilled to say that I will be travelling full-time, and giving you my best advice!

## Amazing places to go right now!

As a Norwegian, I'm big on exploring the world while it's cold and frosty back home, and there is so much less tourism!

Right now I would love to go to Costa Rica because of its cute sloths and the fresh fruits, and Japan when the trees blossom, and eventually Vietnam to explore the culture.
